

Role: Analysts

Who is Timera Energy?

- Timera Energy is a specialist energy consultancy providing market, valuation and risk advisory services in European power & gas and global LNG markets.
- We have evolved rapidly since 2011 to become one of Europe's most respected energy consultancies, with a strong client base of investors & owners of flexible energy assets.

Who are we looking for?

- We are looking for Analysts to join our growing team.
- You will take ownership for analysis and delivery of pieces of client projects. This will involve working in project teams and engaging with clients to deliver rigorous analysis and practical solutions to complex problems.
- The successful candidate will have:
 - a strong analytical background
 - practical commercial energy industry experience
 - strong numerical & verbal/written communication skills
 - degree level in economics, maths, operations research or a related analytical field
 - 3-5+ years in a commercial, risk &/or consultancy role
 - Current eligibility to work in UK/EU

What are we offering?

- We offer very competitive packages as well as the ability to directly participate in company value upside.
- We offer significantly more flexibility and autonomy than other companies. This covers e.g. location, work hours & remuneration structure.
- Timera has an open, innovative & entrepreneurial environment and we work on a variety of stimulating analytical challenges across the rapidly evolving energy industry.
